

GANGADHAR

Gangadhar is a 28 year old person who did his graduation in Arts from the National College of Gowribidanur. His village Thumukunta located beside

Bangalore road is well connected with buses that go to Bangalore city through Gowribidanur town. Despite his mobility problems Gangadhar steadily continued his education and completed successfully. Looking at his other friends and the large employment opportunities offered by computer training he also interested to do computer training. Lack of employment opportunities in government and his increasing age gave him the

feeling that he could not contribute any thing to his family. When he approached ROH, based on his interest and educational qualification he has been facilitated with computer diploma in basic skills besides developing soft skills like English speaking etc. He completed the course with the support given by the donor and a subsidiary of Tata Consultancy Services (TCS) which is running a call centre is interested to take him as trainee and subsequently employment. Gangadhar has cleared the interview and is currently in probation with TCS with stipend. After the training he will be absorbed into the job in the same company. Gangadhar is very much thankful for the support rendered to him which helped him to land in his desired placement.
